The map includes labels for 'MARYLAND', 'DISTRICT OF COLUMBIA', 'DELAWARE', and 'NEW JERSEY'. On the left side, a sidebar shows 'Filters' (2) and 'Results' (48). The main content area displays the variable 'Civilian noninstitutionalized population' with a dropdown menu for 'Dimensions' set to 'Percent Uninsured → Estimate'. Below this, the 'Units' section shows '# Number' and '% Percent' (selected). At the bottom, the text 'S2701 | Selected Characteristics of Health Insurance Coverage in the United States' and 'S2701 | 2023 ACS 5-Year Estimates Subject Tables' are visible, along with a 50 mi scale bar.

☾ **May**

On **May 20**, we released the following updates to the site:

- Improved tip that suggests how to see data for more geographies. When you are clicked into tables from the ACS 1-year estimates, you will now see a message that reads “Missing data for your geographies? Try switching to ACS 5-year estimates instead. [Learn More.](#)” The message can also be closed to allow more space on your screen to see the table.

The screenshot shows the data.census.gov interface. At the top, there is a search bar with the text "all counties in alabama" and a search icon. Below the search bar, there are navigation tabs for "All", "Tables", "Maps", "Charts", "Profiles", "Pages", "Apps", "Help", "FAQ", and "Feedback". The "Tables" tab is selected. On the left side, there is a sidebar with "Filters" and "Results" sections. The "Results" section shows "423 Results" and a list of search results, including "American Community Survey S1901 | Income in the Past 12 Months (in 2023 Inflation-Adjusted Dollars)". The main content area displays a table for "Baldwin County, Alabama" with the following data:

Label	Estimate	Margin of Error
Total	105,698	±2,634
Less than \$10,000	3.0%	±1.1
\$10,000 to \$14,999	3.1%	±1.2

A message box is overlaid on the table, stating: "Missing data for your geographies? Try switching to ACS 5-year estimates instead. [Learn More.](#)"
